- reporting any misuse of Trust/academy property or resources to their line manager

3 Internal Control

Internal Control Framework

The Kite Academy Trust has established a control framework that recognises public expectations about governance, standards and openness. The Trust internal control framework includes:

- Co-ordinating the planning and budgeting processes (Appendix D);
- Applying discipline in financial management, including managing banking, debt and cash flow, with appropriate segregation of duties (Appendices B & C);
- Preparation of monthly budget monitoring reports;
- Ensuring that delegated financial authorities are respected (Appendix C);
- Effective planning and oversight of any capital projects (Procurement & Tendering Policy);
- The management and oversight of assets (Asset Register and Write off & Disposals Policy);
- The propriety and regularity of financial transactions (Appendix B);
- Reducing the risk of fraud and theft (Whistleblowing Policy);
- Ensuring efficiency and value for money in the organisation's activities (Procurement & Tendering Policy);
- A process for independent checking of financial controls, systems, transactions and risks (Independent review of internal controls & Risk Register)

Whistleblowing

The Kite Academy Trust has a policy in place for whistleblowing and ensures that all staff are aware to whom they can report their concerns, and the way in which such concerns will be managed.

Risk Management

The Kite Academy Trust has made a considered choice about its desired risk profile, taking account of its legal obligations, business objectives and public expectations. The recognised risks, and arrangements for managing present and future risks are recorded in the Trust's risk register.

The Trust's procedures for the management of risk include contingency and business continuity planning.

Insurance

The Kite Academy Trust ensures that it has adequate insurance cover in compliance with its legal obligations as follows:

- Opted into the academies risk protection arrangements (RPA);
- Made separate arrangements for the insurance of any risks not covered in the RPA (e.g. equipment).

4 Financial Planning, Monitoring & Reporting

The Trust will prepare both medium term and short-term financial plans to secure the long-term financial sustainability of the Kite Academy Trust. The plans will be prepared having regard to all known needs of the Trust, the Academy Improvement Plans and (where applicable) the Asset Management Plan.

The annual budget will reflect the best estimate of resources available to the Kite Academy Trust for the forthcoming year and will detail how these resources will be utilised. The CEO is responsible for approval by the Board of Trustees.

A balanced budget for all funds across the Trust, which can draw on unspent funds brought forward from previous years, will be submitted to the ESFA annually in line with the ESFA timeline and following their template. The Board of Trustees will notify the ESFA within 14 days if it is formally proposing to set a deficit revenue budget for the current financial year which it is unable to address, after unspent funds from previous years are taken into account.

Monthly finance reports will be prepared by the Director of Finance. The reports will detail actual income and expenditure against budget both for each academy within the Trust and at a summary level for the CEO, Executive Head Teachers, local Head Teachers, Governors and Trustees.

This is evidenced by the following:

- Minutes of meetings;
- The submission of the annual budget, informed by the Academy Improvement Plan and approved by the Board of Trustees to the ESFA (Revenue & Capital);
- The submission of a three-year budget plan, informed by the Academy Improvement Plans to the Board of Trustees (Revenue & Capital);
- Cash flow statement submitted to Trustees by the Director of Finance

Cash Management

The opening of all bank accounts must be authorised by the Board of Trustees who must set out the arrangements covering the operation of accounts, including any transfers between accounts and cheque signing arrangements.

Cash Management arrangements are as follows:

- The Trust's accounts must avoid going overdrawn;
- The Trust's cash flow position will be reviewed on a monthly basis. Where the cash flow position is such that the bank account might become overdrawn, then the CEO has the authority to request from the ESFA an early advance of the monthly budget allocation;
- Bank and cash control accounts will be reconciled on a monthly basis by the Finance Department.

Investments

The Board of Trustees may invest to further the Trust's charitable aims, but will ensure that investment risk is properly managed. When considering making an investment the Board of Trustees will:

- Only act within their powers to invest as set out in the Kite Academy Trust Articles of Association;
- Have an Investment Policy to manage, control and track financial exposure, and ensure value for money;
- Exercise care and skill in all investment decisions, taking advice as appropriate from a professional;

- Ensure that security takes precedence over revenue maximisation;
- Review the Trust's investments and Investment Policy (on an annual basis);
- ESFA approval will be sought for investment transactions that are novel and/or contentious

Income Generation

The Kite Academy Trust sets fees for chargeable services at full cost, and only applies an additional rate of return when in a commercial environment. Fees and charges for the cost of public services to other Government funded companies or bodies will be determined at full cost as per annex 6.1 of HM Treasury's Managing Public Money. The Kite Academy Trust has the following policies in place to govern its income generating activities:

- Charging & Remissions Policy - covers items such as classroom sales, trips and activities in line with the DfE guidance for maintained schools;
- Income & Lettings Policy – outlines aims, principles and strategy used for dealing with lettings and contains a schedule of chargeable rates

5 Delegated Authorities

Connected Party Transactions

Trustees understand and comply with their statutory duties as company secretaries to avoid conflicts of interest, not to accept benefits from third parties and to declare interest in proposed transactions or arrangements.

Connected Party Transactions are goods or services provided by individuals or organisations connected to the Kite Academy Trust. In order to ensure that there can be no real or perceived conflicts of interest, the Trust has adopted the Trading with Connected Parties Policy (Appendix E).

Novel and/or Contentious Transactions

Novel payments or other transactions are those of which the Kite Academy Trust has no experience, or are outside the range of normal business activity for the Trust. Contentious transactions are those which might give rise to criticism of the Trust by Parliament, the public and/or the media. Novel and/or contentious transactions will always be referred to the ESFA by the Board of Trustees for explicit prior authorisation.

Borrowing

The Kite Academy Trust will seek the ESFA's prior approval for borrowing (including finance leases and overdraft facilities) from any source, where such borrowing is to be repaid from grant monies or secured on assets funded by grant monies, and regardless of the interest rate chargeable.

Credit cards will only be used for business (not personal) expenditure, and balances cleared before interest accrues.

Gifts and Hospitality

The Kite Academy Trust has a procedure in place for the acceptance of Gifts and Hospitality. This includes a register on the acceptance of gifts, hospitality, awards, prizes or any other benefit which might be seen to compromise staff's personal judgement or integrity and ensures that all members of staff are made aware of this.

When giving gifts, the Trust ensures that the value of the gift is reasonable, is within the limits stated in the Gifts and Hospitality procedure, the decision is fully documented, and has due regard to propriety and regularity in the use of public funds.

Special Payments

Special payments are transactions that fall outside of the Kite Academy Trust's planned range of activities which include:

- Staff severance payments;
- Compensation payments;
- Ex gratia payments

Staff Severance Payments

If the Kite Academy Trust is considering making a staff severance payment above the statutory or contractual entitlements, the Board of Trustees **will** consider the following issues:

- Whether the proposed payment is in the interests of the Trust;
- Whether the payment is justified, based on a legal assessment of the chances of the Trust *successfully* defending the case at employment tribunal;
- Where a legal assessment suggests that the Trust is likely to be successful, a settlement will not be offered;
- If the settlement is considered to be justified, then the Board of Trustees will consider the level of settlement

Staff severance payments will not be made where they could be seen as a reward for failure, such as gross misconduct or poor performance. The only acceptable rationale in the case of gross misconduct would be where legal advice is that the claimant is likely to be successful in an employment tribunal claim because of employment law procedural errors.

The following schedule of delegation applies to severance payments:

Statutory/contractual payment	Non-statutory/non-contractual payment	ESFA prior approval required?
£40,000	£49,999	No
£80,000	£49,999	No
£40,000	£50,000	Yes – for £50,000
£80,000	£50,001	Yes – for £50,001

Compensation Payments

The Kite Academy Trust will make appropriate compensation payments to provide redress for loss or injury, for example: personal injuries; traffic accidents; or damage to property.

If the Board of Trustees are considering making a compensation payment it will base its decision on a careful appraisal of the facts, including legal advice where relevant, and ensure that value for money will be achieved.

The Trust KAT has delegated authority to approve individual compensation payments provided any non-statutory/non-contractual element is under £50,000. Where the Trust is considering a non-statutory/non-contractual payment of £50,000 or more, ESFA’s prior approval **will** be obtained.

Where a compensation payment has been necessitated by an event that reveals concerns about the effectiveness of internal control systems, the Board of Trustees will take any necessary steps to put failings right.

Ex gratia payments

Ex gratia payments are a type of transaction that goes beyond statutory or contractual cover or administrative rules e.g. payments to meet hardship caused by official failure or delay, and payments to avoid legal action on the grounds of official inadequacy. Ex gratia transactions will always be referred to the ESFA by the Board of Trustees for prior authorisation.

Fixed Assets

Trustees recognise the need to maintain an inventory of equipment in the Trust in order to:

- Ensure that staff take responsibility for the safe custody of assets;
- Ensure proper physical control of equipment;
- To provide an up-to-date record of the equipment available for teaching purposes;
- To manage the effective utilisation of assets and to plan for their replacement;
- To provide a basis for insurance cover and claims if equipment is damaged or destroyed, e.g. by fire, theft, vandalism or other disaster;
- To enable external auditors to evaluate the annual accounts and the Academies' financial position

Details of all Fixed Assets are recorded in the Kite Academy Trust Fixed Asset Register. Post conversion all fixed assets are reflected within the fixed assets register at the date that they are first brought into use. The Fixed Asset Register will be checked annually and certified correct by the Director of Finance. All discrepancies are to be notified to the CEO immediately.

The capitalisation threshold for the Trust is items valued at £1,000 or more at the time of purchase, either individually or as a set. Details of useful economic lives of assets, and levels of depreciation are recorded on the Fixed Asset Register. Disposal of fixed assets is governed by the Write off & Disposals policy.

The Kite Academy Trust will obtain written approval from the Secretary of State, via the ESFA, for the following:

- Acquiring a freehold on land or buildings;
- Disposing of a freehold on land or buildings;
- Disposing of heritage assets beyond any limits set out in the Trust's funding agreement in respect of the disposal of assets generally;
- Novel or contentious property transactions

Leases

The Kite Academy Trust will only enter into Operating Leases e.g. rental agreements. The Trust will ask for the Secretary of State's consent if we wish to:

- take out a finance lease on any class of asset for any duration from another party, as this would represent borrowing;
- take up a leasehold or tenancy agreement on land or buildings from another party for a lease term of more than five years;
- grant a leasehold or tenancy agreement on land or buildings to another party for a lease term of more than five years

Procurement and Tendering

The Kite Academy Trust has a policy in place for procurement and tendering that reflects the DFE, and EU Public Sector Procurement, low, medium and high level procurement procedures.

The Procurement & Tendering policy includes appropriate guidance and the details of any appropriate approvals required regarding any operating lease arrangements that may be considered during a procurement process.

Contract Management

The Kite Academy Trust review all contracts annually when the budget is set to determine which contracts are due for renewal in the coming year. This supports a timely, appropriate procurement process that supports the VFM aims of economy, efficiency, and effectiveness.

Managing Surplus General Annual Grant/Reserves

The Kite Academy Trust is committed to using our allocated General Annual Grant (GAG) funding for the full benefit of our current pupils. Any surplus balances will be supported by a clear plan for their use in the near future to benefit our pupils. This plan is detailed in our Reserves Policy and is integrated with the budget plans to support the short-term and long-term financial sustainability of the Trust.

Appendix E - Trading with Connected Parties Policy

Principles Applying to Connected Party Relationships

Connected Party Transactions are goods or services provided by individuals or organisations connected to the Kite Academy Trust.

At Cost Requirements

The Kite Academy Trust will pay no more than 'cost' for goods or services provided to it by the following persons ('services' do not include services provided under a contract of employment):

- Any member or trustee of the Trust;
- Any individual or organisation connected to a member or Trustee of the Kite Academy Trust.

For these purposes the following persons are connected to a member, or Trustee:

- A relative of the member or Trustee. A relative is defined as: a close member of the family, or member of the same household, who may be expected to influence, or be influenced by, the person. This includes, but is not limited to, a child, parent, spouse or civil partner;
- An individual or organisation carrying on business in partnership with the member, Trustee or a relative of the member or Trustee;
- A company in which a member or the relative of a member (taken separately or together), and/or a Trustee or the relative of a Trustee (taken separately or together), holds more than 20% of the share capital or is entitled to exercise more than 20% of the voting power at any general meeting of that company;
- An organisation which is controlled by a member or the relative of a member (acting separately or together), and/or a Trustee or the relative of a Trustee (acting separately or together). For these purposes an organisation is controlled by an individual or organisation if that individual or organisation is able to secure that the affairs of the body are conducted in accordance with the individual's or organisation's wishes;
- Any individual or organisation that is given the right under the Trust's articles of association to appoint a member or Trustee of the Kite Academy Trust; or any body related to such individual or organisation;
- Any individual or organisation recognised by the Secretary of State as a sponsor of the Kite Academy Trust; or any body related to such individual or organisation

A body is related to another individual or organisation if it:

- Is controlled by the individual or organisation; or
- Controls the organisation; or
- Is under common control with the individual or organisation

For these purposes control means:

- holding more than 20% of the share capital (or equivalent interest); or
- having the equivalent right to control management decisions of the body; or
- having the right to appoint or remove a majority of the board or governing body

The 'at cost' requirement does not apply to the Trust's employees unless they are also one of the parties described above, i.e. connected to a member or Trustee of the Trust.

Whilst these provisions do not apply to contracts of employment, the same principles of securing value for money and using public money properly, including managing conflicts of interest, will still apply. Salaries paid should be appropriate to the individual's skills and experience and the salary rates paid in the wider market.

Should any staff/personnel of an individual or organisation connected to a member or Trustee of the Trust be based in, or work from the premises of, the Kite Academy Trust, that individual/ organisation and the Trust will agree an appropriate sum to be paid to the Trust for such use/occupation of the premises, save to the extent that they are carrying out work for the Trust.

At Cost/Full Cost – Definition for Provision or Receipt of Goods & Services

For these purposes the cost will be the ‘full cost’ of all the resources used in supplying the goods or services. Full cost includes:

- all direct costs (the costs of any materials and labour used directly in producing the goods or services);
- indirect costs (comprising a proportionate and reasonable share of fixed and variable overheads)

Full cost **will not** include an element of profit. Full cost for the provision of public services to other Government funded institutions will be determined as per annex 6.1 of HM Treasury’s Managing Public Money.

De Minimis for “At Cost/Full Cost” Transactions

The ‘at cost’ requirement applies to contracts for goods and services from a connected party exceeding £2,500, cumulatively, in any one financial year of the trust.

For these purposes, where a contract takes the Trust’s cumulative annual total with the connected party beyond £2,500, the element above £2,500 must be at no more than cost.

Professional Services

In relation to organisations supplying legal advice or audit services to the Kite Academy Trust, the ‘at cost’ requirement applies where the organisation’s partner directly managing the service is a member or Trustee of the Trust but not in other cases for those organisations. The published ethical standards for auditors also prevent partners or employees of the audit firm from acting as a Trustee of their client trust, but not of other trusts.

Documentation

The Kite Academy Trust will ensure that any agreement with an individual or organisation connected to a member or Trustee, as defined above, to supply goods or services to the Trust is properly procured through an open and fair process and is:

- Supported by a statement of assurance from that individual or organisation to the Trust confirming that their charges do not exceed the cost of the goods or services; and
- On the basis of an open book agreement including a requirement for the supplier to demonstrate clearly, if requested, that their charges do not exceed the cost of supply

Governor Allowances

KAT will reimburse Members, Trustees and Governors for actual costs incurred in carrying out their duties as specified in the Expenses Policy.
